WHAT DOES IT MEAN!

There is something under the chip. Demand has been made to retire \$36,000,000 national hank currency. Why retire this? Why not put it out so that the plants now idle may open up and the idle now idle may open up and the idle had her here and who are hearing for work was now provided in the plants of the meeting. The second meeting is the had her hearing for work was now or the meeting of the meeting she had her people who are begging for work can get employment. It is cruent that the many men who are more that the many men who are more than willing to work are now forced to losf around because some political party or syndicate is trying to gain some advantage by tightening the money market. But for the law these very sharks would retire every dollar of circulation in one day if they could accomplish their ends. No bank should be permitted to retire one dollar of its currency, and should be made to invest its capital in government bonds and issue 95 per cent in circulation (the government issuing bonds for that purpose, supplying them at par). Proceeds of these bonds to retire the other bonds as rapidly as they mature. If these speculating banks and systems, which profit by these violent fluctuations, knew that they could not tighten the strings by contracting the currency at will, they would turn their attention to a steady progressive business. Money would then go into developing the country. The greatest curse to this country is the mania for GETTING RICH QUICK. Why this unprecedented demand for retiring such a large volume of na

this unprecedented demand for retiring such a large volume of na tional currency while the country is in such a financial condition? What does it mean? If every land owner in the county will agree to sell his extra to order by President Piercy. If 100 acres are allowed each family that increase the population of county some 10,000. To do this it requires good organization and judicious advertising. The tide of immigration is turning this way. Why not get ready to bring some of it to Marion county? You land owners should take an inventory and see how much land you can dispose of. Most people know that if they have been sick they need Scott's Emulsion to bring back health and strength.

But the strongest point about Scott's Emulsion is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

And it contains no drugs and no alcohol. ALL DRUGGISTS: 50c. AND \$1.00.
